

ASM800 AZTECH SOUP MAKER

OVERVIEW

Enjoy making the best delectable and appetizing soups with almost every ingredient you have at home or indulge your sweet tooth with perfectly blended smoothies, snack dips, and salad dressings your family will surely love with the Aztech Soup Maker - your superb companion to effortless cooking.

The Aztech Soup Maker allows you to nutritiously and inventively make both the creamiest and smoothest textured soups to the thickly textured soups filled with savory morsels without using multiple pans and even other cooking tools in making your favorite foods. With the Aztech Soup Maker, cook your favorite soups, smoothies, dips, and salad dressings, in three (3) simple steps : (1) put your choice of ingredients into the food container jug - juicy vegetables, scrumptious fruits, nuts, name it; (2) choose your preferred function - would you be blending smoothies or creating a chunky or smooth soup, etc.?; and (3) wait for it to finish chopping / cooking or blending your food. Pour the finished product and you're ready to go.

To ensure your safety in making your favorite Aztech Soup Maker dish, various safety features were integrated with the Aztech Soup Maker which has to be satisfied first before it can begin preparing your choice of food. It features a liquid content sensor to ensure that the jug has a sufficient amount of water before cooking, a safety cover lid which requires locking, an automatic shut-off which determines if the soup maker's temperature is suited for working, and a safety micro-switch cut-off which ensures that the jug is tightly secured in its main body.
